PERFORMANCE EVALUATION

09-10 July 2019 | SDPI, Islamabad.
Rs. 15,000 + 16% G.S.T per person investment.

Introduction
The success of an organizational depends on the performance of its human resources. Dynamic organizations operate through their HR departments and keep themselves updated with the competitive skills that are based upon knowledge, technology and innovations. In the modern world, the employees’ performance is measured through the organization’s potential and scope of services, its effectiveness, efficiency, and innovative processes. Only those employees would stay, who have the potential to become an asset for the organization. To become an asset for the organization, you need to equip yourself with the state-of-the-art skills, knowledge management and technological advancement. HR managers should also know how to use the advanced tools to measure employees’ potential and performance on new horizons.

If you are a passionate professional and are committed to boosting your organization, then join this course to place your organization on the top in the market.
